

BE PART OF OUR TEAM

ENGINEER-HELICOPTER MAINTENANCE

RAND AIRPORT

National Airways Corporation is looking for a suitably qualified Maintenance Engineer. If you would like to work in a proactive environment within a close-knit team at Rand Airport, and you meet the following requirements, please reach out to us at the contact details given below.

MINIMUM QUALIFICATIONS:

- Certified Helicopter Engineer with the below qualifications:
- Certified and Qualified Aircraft Maintenance Engineer with one or more of the following Licenses in Category A & C
 - Bell 206-series
 - Robinson R22 and R44
 - Bell 222/230-series (preferable)
- Valid travel documents (passport, police clearance and yellow fever card)

PERSONAL ATTRIBUTES:

- Safety conscious.
- Self-disciplined individual who works with precision, accuracy and caution.
- Approach problems of considerable complexity with an impartial and objective attitude.
- Team player with co-operative and group-orientated instincts but can also work independently.
- Accountable for their actions.
- Must be able to call on the support of the team leader / manager.
- Communicate in a tactful and diplomatic manner.
- Adaptable to new situations.
- Receptiveness and willingness to respond to unexpected circumstances.
- Must be able to work well and productively under pressure.
- Able to work overtime as and when required, sometimes on short notice.
- Able and willing to travel locally or internationally on short notice.
- Able to work in an environment that requires constant cleanliness.

REQUIREMENTS

- Grade 12 / Matric.
- Valid driver's license and preferably own transport.
- Licensed Aircraft Maintenance Engineer and licensed on the specific helicopter types
- Minimum of five years' work-related experience.
- Adequate verbal and written English skills.
- Computer literate
